MOHAMAD HAMAD

Frontend Developer (React.js)

Damascus, Syria | +963 938 378 793 | hamadmohamadfront@gmail.com | https://mohamadfront.github.io/portfolio/

PROFESSIONAL SUMMARY

Frontend Developer and Software Engineering graduate with hands-on experience in React.js, JavaScript (ES6+), and Tailwind CSS. Skilled in building responsive, API-driven web apps and converting Figma designs into clean, component-based code.

TECHNICAL SKILLS

- **Frontend Technologies:** React.js, React Router, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
- **React Core Concepts:** Hooks, component-driven architecture, state management
- **API & Async Programming:** RESTful APIs, Fetch/Axios, JSON, Async/Await
- **UI/UX & Responsive Design:** Responsive design, Figma-to-code, Flexbox, CSS Grid
- **Tools & Software Principles:** Git, GitHub, npm, VS Code, OOP, System Analysis & Design

WORK & INTERNSHIP EXPERIENCE

Frontend Developer Trainee | Tamkeen Program

2026

- Completed an intensive 5-month training program focused on modern frontend development, UI design, and single-page applications.
- Mastered React.js, React Router, and Tailwind CSS by building dynamic, highly interactive frontend applications.
- Implemented modular React Hooks for state and effect management, ensuring optimal code reusability and clean architecture.

Frontend Trainee | Darbny Program

2025

- Completed a 3-month intensive frontend training program covering modern web development standards and best practices.

Frontend Developer Intern | Almonqed Company

2025

- Built responsive UIs for an Events Discovery Platform and an Industrial Services Web App, integrated with RESTful APIs.
- Developed client management dashboards for order activations and product administration, plus event filtering and ad publishing features.

Freelance Frontend Developer | Self-Employed

2024 – Present

- **Mobile Services Web App:** Developed a responsive platform for managing store operations, balance transfers, and gaming package activations. (React, Tailwind CSS, REST API).
- **Aravira AI Platform** Built an Arabic AI e-learning interface featuring course browsing and video lesson navigation. *(React, React Router, Tailwind CSS)*
- **Quick Builders:** Designed and deployed a responsive landing page for a construction and interior design firm. *(React, Tailwind CSS)*
- **Talent Bridge:** Developed UI layouts for a marketplace platform connecting freelancers with potential clients. *(React, Tailwind CSS)*.

EDUCATION

Bachelor's Degree in Information Technology – Software Engineering

Arab International University (AIU) | Graduated 2024

- **Graduation Project:** Hosting Server Management System Web app for managing web, FTP, and email hosting via control panel APIs. Handled frontend development and system analysis.

Languages

- **Languages:** Arabic (Native), English (Professional).
